Garbage Pick-up

The Sanitation Department provides bi-weekly garbage removal to every residential home in Miami Springs. The City provides every home with a 90 gallon container to be utilized for all burnable household debris and light yard clippings such as grass and small branches. Medical waste such as blood byproducts, used syringes, and any bio-hazardous material should never be placed in the container.

To verify your pick-up schedule, or report a lost or damaged container, please call Public Works at 305-805-5170 ext. 0.
